

The German Shepherd

Powerful, courageous, faithful.

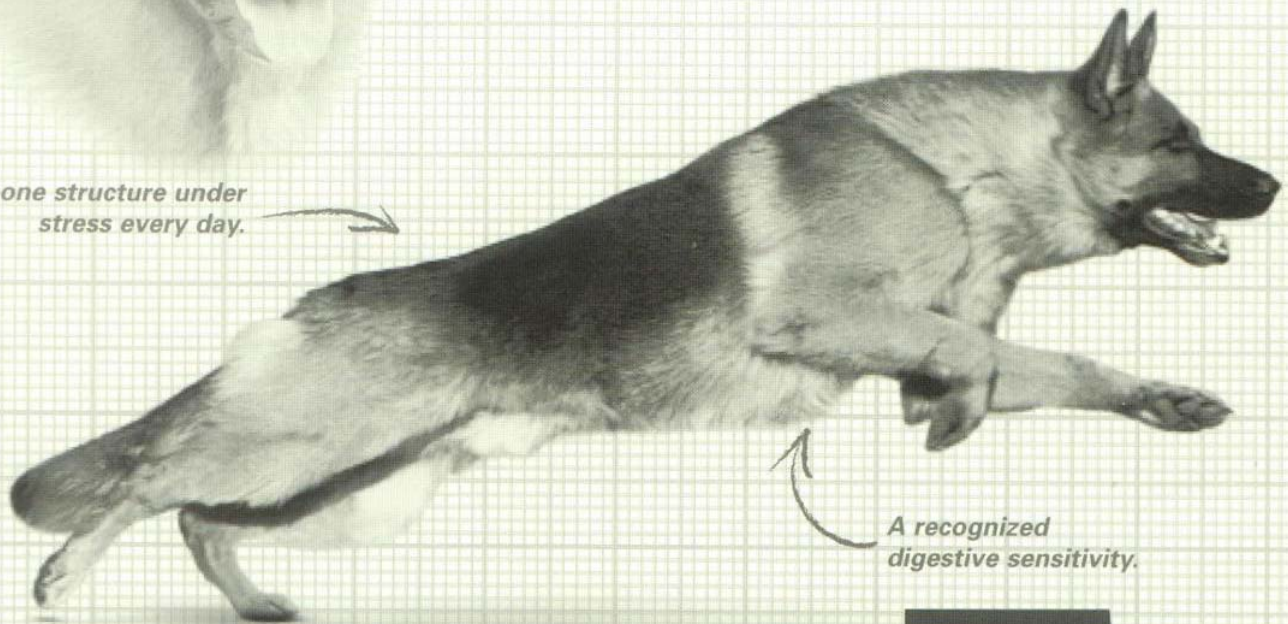

A sensitive skin to protect.

An immune system put to the test on a daily basis.

A bone structure under stress every day.

A recognized digestive sensitivity.

GERMAN SHEPHERD 24™

The only food in the world specially formulated to meet the particular needs of the German Shepherd:

Ensures maximum digestive safety

Highly digestible proteins, rice, beet pulp and insoluble mineral salts, to help prevent digestive sensitivity.

Strengthen the immune system

A synergic complex of antioxidants (vitamin E and C, taurine, lutein) and Mannan-Oligo-Saccharides (MOS) to boost the immune system.

Helps protect their sensitive skin

An association of vitamins/ amino acids, combined with essential fatty acids and zinc, to ensure protection for their skin and proper nourishment of their coat.

100% NATURAL & WHOLESOME
